Works at Indigo

Age: 21 | Indigo

✓ Liked weekly target and coins

Observations

Misread some numbers

Did not understand decision pop-up

Squinted eyes, slow reading.

Confused between App Lock & Limit

Confused rewards with saving features and ways to earn with ways to utilise

Did not recognise certain labels like “commitment” “Lock” nd “Limit” as they are not in ver vocab

Budget confirmation subtle

Usability Issues Identified

Need to put comma in long digits

Affordance needs to be clearer

Purpose & flow chronology unclear

High cognitive load

Terminology not clear

Core purpose not clearly communicated

Need to simplify UX writing and labels

Weak feedback visibility

User - 3

Tech Savvy

Age: 27 | LinkedIn

- ✓ Understood upload function quickly
- ✓ Recognised system potential

Observations

Cluttered transaction input area

Didn't recognise chatbot FAB

Wanted entries across different days

Unsure how AI got triggered

Confused by category limit timer

Game progress page confusion

Usability Issues Identified

Labels & icons lack affordance, hierarchy needed

Got confused by chatbot FAB

More user flexibility required

AI trigger needs to be explicit

Rewrite dialogue box sentence

Needs to be simpler & identifiable
